Dear Mr. Golan:

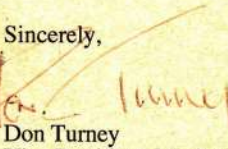

It was a pleasure to speak with you this morning and I am pleased that we were able to come to a conclusion concerning your request.

I spoke to Nate Shelton of K&N Engineering this morning and he has advised me that K&N Filter did win runner-up in the 1996 SEMA Show "Best New Street Rod or Custom Car Competition" category.

Nate also advised me that it was a Golan product; specifically the Golan billet fuel filter that was repackaged under K&N's name, that won the product award.

Please feel free to give me a call if I have omitted anything.

Sincerely,

Don Turney
Vice President, Marketing
